UMCDF Operations

- Safety is number one at UMCDF: employees have worked 600 days since the last lost-workday accident (Oct. 22, 2004).
- The last MC-1 bombs in the depot's and U.S. Army's stockpile were processed June 9. (In the photo below, the last two bombs exit the Metal Parts Furnace.)
- The UMCDF was recommended for Star Status in OSHA's Voluntary Protection Program (VPP), June 9. The recommendation reflects the site's high safety standard.

**Leading the
Way to a Safer
Future**

The Umatilla Chemical Agent Disposal Facility is safely destroying the stockpile of weapons stored at the Umatilla Chemical Depot while ensuring maximum protection for our workers, our community and our environment.

CREATING A SAFER TOMORROW
